VALUE
PARTNERS

FOR IMMEDIATE RELEASE

BIRMINGHAM, Alabama – June 13, 2018 - Vulcan Value Partners successfully completed a systems conversion that will lower operational risk, enable smarter workflows, and enhance data management across the firm. This conversion involved the implementation of both a new front-end trading and compliance suite, along with a new middle and back office operations partner.

Vulcan partnered with Eze Software on the trading and compliance suite and STP Investment Services for middle and back office managed services.

“We are extremely happy to partner with Eze and STP on this enhancement of our trading and portfolio management systems,” said Richard Davis, CFO and COO. “We conducted an intensive review process over the past year, and both Eze and STP rose to the top as we evaluated functionality, scalability, and client support.”
